

Early Elementary Winter 2016 Meeting 1: Math Kangaroo Practice  
Solutions

- 1) Saturday
- 2) 7 cuts (A common mistake is to misunderstand the question and think it is asking for the length of each piece.)
- 3)  $56 - 22 = 34$
- 4) 5 lions
- 5) 5 times older
- 6) 28 more miles
- 7) 4 chickens
- 8) a. 36 numbers                      b. 13 times
- 9) a. 20 times                         b. 1 second
- 10)     Albert
- 11)     12, 36 miles
- 12)     3 mushrooms
- 13)     Ingrid=17, Helia=12, James=4, Gary=2
- 14)     24
- 15)     burger
- 16)     180 grams
- 17)     a. 16 people                      b. separate tables
- 18)     Missing a "4" after the number "2" on the left hand side of the equation. The corrected equation is  $12 + 36 + 24 + 8 = 80$
